

Grow One Step in 2017!

- Identify your current income on the giving chart.
- Move to the right on the same line to determine the amount you currently give weekly to Shady Grove.
- Move directly up the chart to see the percentage your gifts represent.
- Consider moving to the right one or two columns in your 2017 giving. For example, from 4% to 5%.
- To reinforce your step, mark your new level on the pledge card.
- If you haven't pledged before, consider starting at the 2 or 3% level . All gifts are essential for supporting church operations.
- Please bring your pledge commitment card to church on Sunday, February 12 or mail to the church office, to the attention of Elena Komarov. Thank you!
