Taking Steps Toward Tithing

God gives us all that we have. Stewardship is *recognizing* that everything we have is from God and we are called to take care of it well.

Tithing is a biblical practice of giving back to God a portion of resources God has given each one of us. The biblical standard is 10%. If you have not been able to tithe up to this point, that's okay. It is a great goal. On the back you can find a chart to help you figure out next moves in giving as you move toward tithing. If you are already tithing, it is a tool to help you step beyond in generosity.

We pray this tool will help you as you discern your financial commitment to God's kingdom through Shady Grove UMC.

How to Use the Chart:

- Find your household income on the chart
- Move across on the same line to find the amount you currently give weekly
- Move straight up the chart to find what percentage of your income your current gift represents

Please consider taking a step by pledging at the next level. For example, if you are presently giving 2%, you may consider pledging 2.5% or even 3% this time.

Friends, together our financial gifts can do great things as we RISE UP in 2022!
